ALASKA MOST FORM

Attached is the Alaska MOST (Medical Orders for Scope of Treatment) Form.

This form is to be filled out by your medical provider after discussion with you and your family regarding your medical choices. You can change your mind about your medical care choices at any time. If you do change your mind, your medical provider will need to complete and sign a new MOST form, as the information contained in the form are approved medical orders.

The MOST form will help your medical provider, Seward Mt. Haven staff and hospital staff understand clearly and quickly what kind of treatment you do or do not want.

**Alaska MOST form
Medical Orders for Scope
of Treatment**

This is a Medical Order Sheet. Any section not completed indicates full treatment for that section. When need occurs, first follow these orders, then contact provider.

Last Name

_____ (Phone)

2) Name and Contact Information for Additional Health Care Agent/ Additional Surrogate

_____ (Name)

_____ (Relationship)

_____ (Phone)

Reviewing and Revising the MOST form:

Consider reviewing or revising the **MOST** form periodically if:

- (1) The person is transferred from one care setting or care level to another, or
- (2) There is a substantial change in the person's health status, or
- (3) The person's treatment preferences change.

This **MOST** form supersedes any prior **MOST** forms. A health care provider should void any prior **MOST** form by drawing a line through its sections A – E, writing "VOID" in large letters and then signing and dating on the line. *If a **MOST** form is voided without creating a new **MOST** form, full treatment and resuscitation may be provided.*
