

Providence Center for Weight Management

An integrated, multidisciplinary approach to weight loss

Providence Center for Weight Management is a comprehensive center dedicated to helping patients lose weight and keep it off. We offer:

- Surgical and non-surgical weight loss options
- The **only** center in Oregon to receive accreditation in both bariatric surgery and obesity medicine by MBSAQIP
- Multidisciplinary care team of surgeons, endocrinologists, nurse practitioners, dietitians, psychologists, and a patient navigator – **all located in one clinic**
- An evidence based approach using the latest tools, including medication management, weight loss surgery, and behavioral, nutrition and exercise support
- Long-term support to help prevent weight regain, improve diabetes control and quality of life

Eligibility

- **Medical weight management** : A non-surgical program for adults with a BMI of 25 or higher
- **Weight loss surgery**: Available to adults with a BMI of 40 or higher, or 35 or higher with an associated medical condition
- Both programs accept all insurance plans with a weight loss benefit. A self-pay option is available for those without weight loss coverage.

Cost

Costs can vary based on goals, treatment plan and insurance coverage. Contact the center for more details.
